Dear Parents/Guardians

Re: Safety of Student Cyclists

For your attention and follow-up if your child/ward cycles to school regularly or on ad-hoc basis:

1. In view of the number of cyclist fatalities and serious injuries on roads, the school is concerned about the safety of students if they choose to cycle to school.
2. Taking into consideration the road safety hazards for cyclists, cycling to school is therefore not the preferred mode of transport. Cycling should be only for recreational purpose at safer places such as parks and park connectors.
3. If your child/ward must cycle to school, please complete the reply form and get your child/ward to submit it to the general office. **Students are allowed to cycle to school only with permission from the school.**

Changkat Primary School: Guidelines for Student Cyclist

Student cyclists:

1. should be equipped with good-fitting helmets
2. are expected to alight at pedestrian crossings and entrances to construction sites and push their bicycles
3. are expected to alight at the school gate and push their bicycles to the bicycle stand
4. should be equipped with reasonably good quality locks to secure their bicycles at bicycle stands
5. no pillion passenger shall be ferried on a bicycle.
6. the school will not be responsible for the loss or damage to student's bicycle parked in school.

School staff on duty will be on the lookout for any unruly behavior and reckless riding. Student cyclists who are caught behaving in an unruly manner or riding recklessly will be referred to the Year Heads and parents will be notified.

Thank you.

Mrs Suzanna Bambang
Upper Year Head
